

# XGRASS PLAYGROUND SURFACING MATERIAL COMPARISON

As a supplier, installer and designer of playgrounds, we are happy to share our perspective on the primary playground surfacing options for your review. Through our family of brands including XGrass synthetic turf solutions, Play It rubber surfacing, Mulch Outfitters playground and VersaCourt court tile systems, we can assist you in selecting the ideal surface for your space, budget and other needs.

As a general rule, unitary surfaces (with the exception of rubber tiles), tend to outperform loose fill materials on every criteria aside from the time and cost to install.

Material Type	Material	 Safety Certified	 Cleanliness	 Maintenance	 Accessibility	 Aesthetic	 Install Cost	 Lifetime Cost
Unitary	Synthetic Grass Systems	Green	Green	Light Green	Green	Green	Light Green	Light Green
Unitary	Poured in Place	Green	Green	Light Green	Green	Green	Yellow	Yellow
Unitary	Bonded Rubber	Green	Green	Light Green	Green	Light Green	Yellow	Light Green
Unitary	Rubber Nuggets	Light Green	Orange	Yellow	Yellow	Yellow	Light Green	Yellow
Unitary	Rubber Tiles	Light Green	Light Green	Light Green	Light Green	Green	Orange	Light Green
Loose-Fill	Engineered Wood Fiber	Light Green	Yellow	Yellow	Yellow	Yellow	Green	Yellow
Loose-Fill	Landscape Wood Mulch	Red	Orange	Yellow	Red	Orange	Green	Yellow
Loose-Fill	Sand	Orange	Red	Orange	Red	Orange	Green	Yellow
Loose-Fill	Pea Gravel	Orange	Orange	Orange	Red	Orange	Green	Yellow

# PLAYGROUND SURFACING

*With The Recreational Group*

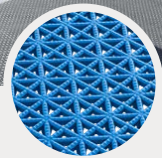

XGrass is a part of **The Recreational Group** family of brands that manufactures and installs a variety of innovative playground surfacing solutions. We use our experience in surfacing thousands of playgrounds to help you specify the best surfacing for your space, application and budget.

## XGRASS

*IPEMA Certified  
Turf Systems*

XGrass synthetic turf systems are designed from the ground up for safety. It's fully certified by the International Play Equipment Manufacturer's Association (IPEMA) and meets ASTM F1292 12' fall height requirements.

## VERSACOURT

*Multi-Sport Game  
Court Tile*

VersaCourt multi-activity game courts are the perfect alternative concrete or asphalt surfaces regularly found on school playgrounds. These colorful courts are safer, easier to maintain and kids love them.

## MULCH OUTFITTERS

*Premium Engineered Wood  
Fiber Mulch*

Mulch Outfitters manufactures, supplies and installs premium Engineered Wood Fiber (EWF) playground surfacing from reclaimed wood. Our surfacing is considered one of the safest playground surfaces on the market for fall height attenuation.

## DURALFEX

*Bonded and  
Poured-In-Place Rubber*

Duraflex surfacing offers two unitary rubber playground surfacing options - poured-in-place and bonded rubber. Both surfaces offer exceptional design performance, and aesthetics.
